J. B. SAVAGE CABBAGE PLANTS

Frost Proof
Virginia Open Field Grown

Weirwood, Va., _____ 1921.

Dear Sir:

We have this season the best lot of plants we have had in twenty years that we have grown and sold them. Last season we lost millions of plants; they were in a cold place, but this year we provided good wind breaks and the plants are in splendid condition, in open field and in good shape.

Last season we lost so many plants we had to go south to get plants to fill our orders, but such is not the case this season, we have them here.

We are ready to fill orders in January, February, March and April. No order too large—none too small.

We have the following varieties:

1. Early Jersey Wakefield
2. Charleston Wakefield
3. All Head Early
4. Copenhagen Early
5. Succession
